## SUMMARY

Frontend Web Developer with 8+ years of experience building responsive, high-performing websites and user-focused digital experiences across WordPress, Shopify, and custom frontend projects. Skilled in HTML5, CSS3, responsive UI development, accessibility, frontend optimization, and modern web design workflows. Experienced in transforming UI mockups into scalable, mobile-first websites that improve usability, performance, and engagement. Strong background in UI/UX and graphic design, bringing a balanced approach to clean code and intuitive user experiences.

## WORK EXPERIENCE

### FRONTEND WEB DEVELOPER @MOR DIGITAL

2021 – 2025

- Built and maintained 20+ responsive WordPress, Shopify, and MODx websites using HTML5, CSS3, Elementor, and custom frontend development.
- Converted UI mockups into pixel-perfect, accessible interfaces, reducing revision cycles and improving delivery efficiency.
- Optimized website speed, SEO, accessibility, and mobile responsiveness, improving PageSpeed performance and user engagement.
- Collaborated with designers, developers, and project managers to deliver scalable frontend solutions across multiple industries.

### FREELANCE FRONTEND DEVELOPER & UI DESIGNER

2015 – Present

- Delivered 20+ custom websites and ecommerce projects using WordPress, WooCommerce, Shopify, HTML, and CSS.
- Redesigned outdated websites into modern, mobile-first user experiences that improved usability and visual consistency.
- Developed reusable layouts and streamlined frontend workflows, reducing maintenance effort for clients.
- Created branding assets, UI systems, and marketing visuals aligned with business and conversion goals.
